Below are the comments of each power point presentation slides.

Slide 1

In this presentation, I will discuss about “Two world view and Two life view”.

These two views are biblical view and humanistic view.

In Japan, many Christian believe that they are humanists. Because they have not taught what humanist’s doctrine is.

Slide 2

I will discuss about the doctrine of humanism, strategy of humanism, salvation of humanism, influence of humanism, and redefinition of humanism.

Slide 3

American Humanist Association have an office in the United Nations Plaza.

UN Plaza is the place where Korean Government representative and Japanese Government representative are located.

AHA states the definition of humanism as this.

Humanism is a progressive lifestance that, without supernaturalism, affirms our ability and responsibility to lead meaningful, ethical lives capable of adding to the greater good of humanity. • *American Humanist Association*

This meant we can live better without God.

Slide 4

These are the humanists who signed the Humanist Manifest 1.

John Dewey started pragmatism.

There are many Unitarian Church minister.

Unitarian Church holds very liberal theology that believes no God, no creation, no resurrection, and no new heavens and the Earth.

Some of them were converted to Unitarian minister from Baptist or Reformed minister.

R. Lester Mondale was a Unitarian minister and an American vice president under Jimmy Carter.

Charles Francis also was a Unitarian minister who was adviser of evolutionist side at Scopes Trial.

Slide 5

In Japan, many people believe that humanism is a wonderful philosophy that cares for people. May be in Korea, too.

But, humanists know this is not just a philosophy, but a religion.

There are 15 items in this manifesto and the first of them states that Religious humanists regard the universe as self-existing and not created.

They know that humanism is a religion. This religion is a belief that there is no Creator. In other word, This religion believes in atheism.

Slide 6

Second states, Humanism believes that man is a part of nature and that he has emerged as a result of a continuous process.

Humanists believe that human is one of the evolved animals. This is Scientific Naturalism or Evolutionism. They don't believe in Creation.

Slide 7

Third states, Holding an organic view of life, humanists find that the traditional dualism of mind and body must be rejected.

Humanists believe that only existing entity is material. There are neither soul nor spirit exist. In other word, this is materialism.

Those who were taught this view believe that death is the end of himself. There are no life after death. This view give people that human are just a matter and no difference in between stone and human. In Japan, there are more than 30,000 suicide each year. I believe that humanism give way to

suicide because they believe they can escape from the difficulty.

Atheism, Scientific Naturalism, Materialism are the basic doctrines of this religion.

Slide 8

To spread humanism, humanist's strategy is to influence on the United Nations' organizations.

One of the target was UNESCO (**United Nations Educational, Scientific and Cultural Organization**).

First director-general of UNESCO was Sir Julian Huxley. He was an evolutionary biologist, humanist, and a grandson of Thomas Huxley who supported Darwin's evolution. He also was the first president of the British Humanist Association.

When UNESCO started, he states general philosophy of UNESCO.

Slide 9

"Thus the general philosophy of UNESCO should, it seems, be a scientific world humanism, global in extent and evolutionary in background."

We understand from this statement that Julian Huxley wanted to spread humanism and evolutionism all over the world using UNESCO.

Slide 10

Evolutionists believes that the condition of an organism evolve into the next stage was, only advanced organism survive and other less advanced organism has to be died out.

It seems Julian Huxley believed that if every human believe in humanism and evolutionism, human can evolve into the next stage.

He states "The unifying of traditions into a single common pool of experience, awareness and purpose is the necessary prerequisite for further major progress in human evolution.

Slide 11

He continues that:

Accordingly, although political unification in some sort of world government will be required for the definitive attainment of this state, unification in the things of the mind is not only necessary also, but it can pave the way for other types of unification.“

This paper was kept “in-house” by UNESCO for about 30 years, before *The Humanist* was allowed to publish it.

Today, governments of many country decide educational curriculum under the influence of UNESCO and educate their citizens humanism and evolutionism.

Slide 12

In 1973, Humanist Manifest II was issued. This discusses details of what Humanist Manifest I didn't.

It states in the Religion section as this.

Religion FIRST: We believe, however, that traditional dogmatic or authoritarian religions that place revelation, God, ritual, or creed above human needs and experience do a disservice to the human species.

This religion called Humanism does not accept any authority over human, such as Hananim or the Bible.

Slide 13

As nontheists, we begin with humans not God, nature not deity.

They start thinking about anything without God

Slide 14

Since they deny existence of God, they believe that human exist without purpose and divine influence.

“But we can discover no divine purpose or providence for the human species. While there is much that we do not know, humans are responsible for what we are or will become.”

Humanist boast and states ”No deity will save us; we must save ourselves.”

For humanists, save ourselves doesn't mean to have an eternal life, but to

help those who are poor, suffering, starving and so forth.

Their salvation is only on now and here on the Earth.

I don't mean to deny good works of UNICEF or UNESCO,

We Christians have similar organizations that help people such as Salvation Army or other ministries.

The difference is accepting God (Hananim) or denying God (Hananim).

Humanists think Jesus is not our savior, but we ourselves are the savior of ourselves.

Slide 15

Romans 1:18-20

For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who hold the truth in unrighteousness;

Because that which may be known of God is manifest in them; for God hath shewed [it] unto them.

For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, [even] his eternal power and Godhead; so that they are without excuse:

God angry at humanistic way of thinking. For us, most important thing is to admit and accept God.

Slide 16

To accept Creator or to deny Him makes a big difference on there way of thinking.

Slide 17

We know there were two crosses on both sides of the cross of Jesus.

There were two criminals crucified on these crosses.

Both must be committed very bad criminals.

Slide 18

This Criminal said to Jesus "Save yourself and ourselves!"

But did he believed in Jesus as a savior?
No! He didn't believe in Jesus, but mocked at Him.
He didn't accept God our Creator.

Slide 19

The other criminal knew God and he accepted God.
He knew what he has done. He knew he was a sinner.
I think he couldn't even say "please save me." because of his huge sin.
So he only could say "please remember me when you seat on the throne.

But the word of Jesus promised him his salvation.
This criminal must be died with joy and peace in his mind.

Slide 20

There are criminals like them today.
One is Timothy McVeigh.
He exploded Oklahoma Federal Building on April 19, 1995.
168 people were killed and more than 850 people were injured.
It was said worst terrorism before 9.11. that plane clashed into two world
center buildings.

Timothy McVeigh wrote a poem the day before he was executed.
It says in the end, "I am the master of my fate. I am the captain of my soul."

I understood from his word that he believed in no God, and there are no
authorities over him.

Slide 21

He said "I feel sorry for those who lost their life. But I understand that is the
fate for all beasts. That is the toll for men."
He believed that the humans were mere a beast made by evolution.
And the fate of the every beasts are death.

He didn't know there were no death when God created the world.
He was fully influenced by humanism's basic doctrine.

Slide 22

There is another criminal. His name is Jeffrey Dahmer who were serial killer.

More than 17 males (include boys) were killed by him. After the judge of lifetime imprisonment in 1994, he was lynched and killed by another prisoner in the same cell. He said the next statements answering an interview.

"If, there is no God whom man are responsible, Then, why do we have to change our behavior to be acceptable, Anyway, I thought like that way."

Jeffrey Dahmer also was believed in basic humanism's doctrine as was Timothy McVeigh. Dahmer believed in atheism (hananim).

Slide 23

"I always believed the theory of evolution as truth, that we all just came from the slime. When we..., when we died, you know, that was it, there is nothing ."

Slide 24

He continues,

But, Scince I believed The Lord Jesus Christ is truly the Creator God, I believe He took over my responsibility as for others

He believed in Jesus and he believed in Jesus died for his huge sin, too.

He started testifying Jesus in prison. And then he was killed

Slide 25

Both Timothy McVeigh and Jeffrey Dahmer were Criminals and died as two criminals on both sides of Jesus,

But, one did believe in Jesus, and the other did not believe in Him.
In the view of humanists, they both died and become nothing.
But in the view of the Bible, different futures are awaiting for them.

Slide 26

In Japan, atrocious juvenile criminal has been increasing. In 1997, a 14 years old boy did serial killing of children for fun. Even he put a child's head in front of the school gate.

This terrified people all over Japan.

By then, there were nothing like this had happened.

But since then gradually juvenile's delinquency has been increased.

In 2004, 12 year old girl(6th grade) killed her classmate.

At that time, many Japanese had surprised like this juvenile crime.

In October 2008, there were a house killing either child killing his/her parents or grandparents or parents killed their children within a month in Japan.

Today, not many Japanese will surprises this kind of juvenile crime, any more.

Slide 27

I strongly suspect that these crimes are the fruits of humanism education.

In the past history, always there was an authority over human.

But humanism denies any supernatural authority over human.

Evolutionism put human a position no difference to plants or animals.

Materialism made people to believe human has no soul, but just a material.

Slide 28

What is the foundational idea of the humanism?

It is ignoring God and His authority.

Who did have this idea first?

Satan.

Then if we redefine humanism, what is it?

It is a “Sin Nature” This definition is not the definition of humanists have.
Because humanists believe that there is no sin or sin nature.
But from the biblical perspective, I understood the humanism is a “Sin Nature”
Even if he believes in Jesus, but lives ignoring God, then he is a humanist in that sense.

Slide 29

What happens to a man who wants to live in “Sin Nature”.

Slide 30

Romans 1:21 states,

- Because that, when they knew God, they glorified [him] not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened.

If a man wants to live in “Sin Nature”, God put him in a place as in Romans 1:24

- Wherefore God also gave them up to uncleanness through the lusts of their own hearts, to dishonor their own bodies between themselves:

Slide 31

King Solomon concluded the best way for the living as In the end of the Ecclesiastes,

It is simple thing and the thing always taught.

“Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this [is] the whole [duty] of man.

God knows the way for us to be blessed.

God want us not to seek our own sin nature as Satan did.

It is important for us to start thinking from the Bible.

It is important for us to believe in existence of our Creator.

It is important for us to believe in God’s creation as it is written in Genesis 1.

There were no evolution.

It is important for us to believe that we are not just a material but a spiritual

being.

God made us, God love us, God saved us, and God gives us everything whatever we need it in God's eye.
